

Description of the measure

The percentage of members 3-21 years of age who had at least one comprehensive well-care visit with a PCP or OB/GYN during the measurement year.

Tips for best practice

- Check immunization records at every visit and administer vaccines that are due
- Telehealth visits are acceptable to meet the measure requirements
- Emphasize the importance of returning for scheduled well-child visits even if the child is doing fine

Note

This measure is based on the American Academy of Pediatrics Bright Futures: Guidelines for Health Supervision of Infants, Children and Adolescents (published by the National Center for Education in Maternal and Child Health). Visit the Bright Futures website for more information about well-child visits: www.brightfutures.aap.org/materials-and-tools/guidelines-and-pocket-guide/.

Exclusion(s)

Hospice
